O UT OF THE

Sometimes it seems as though small schools get lost in the shadows of larger schools. Bennett is no exception. With all of the neighboring county schools, and especially our city rival, Bennett sometimes gets overlooked. However, much has been done to do away with that situation. That is why the Paulist staff chose the theme "Out of the Shadows." Bennett is finally starting to receive some recognition in the athletic and academic fields. Our teams have become competitive with surrounding schools and on occasion have defeated our great city rival in various sports. Our academic curriculum has been upgraded and is being recognized as college-prep throughout the community. Bennett High School is

finally "coming out of the shadows" of other schools and holding its own in the eyes of the community.

Our country is composed of many large schools and many smaller schools, yet each one is vitally important to the students, teachers, administration and support staff that make up the school community. We believe that at Bennett we come "out of the shadow" of our school community and merge into our larger communities.

Toby Hamilton helps Bennett get the 2-1 victory over city rival, Marion, while battling Marion's Jimmy Bonewitz. Toby attempts to pass to teammate Danny Sullivan.

Friends take time out from the festivities of the Holly Hop to spend a few quiet moments alone just talking things over. Below: Derek Nicholson and Karen Mooney, seniors.

S HADOWS

PEOPLE

In any given family, there is a circle of people that compromise the extended family. Some live within the framework of day-to-day existence and some are silent, far away, but always there when needed. Our Bennett family can be compared to this extended family. There are students, faculty, administrators, secretaries and support staff who exist in our day-to-day activities, and there are those behind the scenes, our priests, board of education, parish members and our community who are called upon occasionally to share in our lives in special ways, although not in our daily schedules. Each group is special to our Bennett family, yet each is different.

The most important people, the students of Bennett make up the major portion of this family. As a group, they number one hundred and fifty-eight with grade twelve being the largest with 29 students, and grade seven being the smallest with twenty students. Our school routine runs from 8:00 A.M. to 3:00 P.M. and is divided into seven class periods. However, most students put in a ten hour day here at the building because of extracurricular activities and practices.

Our faculty members include 12 full time staff and seven part time teachers. Most full time teachers have six classes per day, along with many other duties and responsibilities. Our adminis-

tration consists of a superintendent, principal and part time dean of students and part time counselor.

Another important group in our family is the support staff. They exist to help make a student's day run smoothly. The secretaries are constantly handling student problems and phone calls, in addition to their regular duties. Our

janitors pick up after us, keep us warm, and handle maintenance. We could never exist without our cooks, especially on special occasions like holiday meals and pizza days. We have an even dozen of support staff personnel.

Not always physically present, but special all the same, are our seven member board of education, our parish

members who support and encourage school activities, and community leaders who assist us on occasions.

Here at Bennett High School, "We are Family!"

Bennett's administration is proud of our school!

The 1985/86 school year has started in fine fashion. There is a wholesome atmosphere of Christianity, compassion, and fun permeating throughout the student body. This positive outlook is a direct result of the leadership demonstrated by the seniors. Let's keep pushing and striving toward academic excellence. Success in your future life is directly related to a good Christian and academic education, worked for and earned of your own accord.

Tom Quigley, Principal

I like the family atmosphere at B.H.S. Students, teachers, clergy, and parents working together make this possible. With that in mind, we know that the hopes and dreams of our parish family will be fulfilled.

Never too busy for a smile, Mr. Ramey wonders what unexpected pleasure is next.

In 1986, many fads or trends passed through the U.S. such as clothes, watches, and even cars. Clothes were the most popular. The popular trend with the guys was the "Don Johnson" look from the TV show "Miami Vice." The girls preferred such things as long, loose-fitting shirts, sweaters or sweatshirts, and stirrup pants. Pinks and purples were the in colors this year.

The singers John Cougar Mellencamp and Bruce Springsteen were the most

popular this year, with sold out concerts all over the United States.

One other trend we have here at Bennett is in cars. The trend setting car is the Camero. Just about everywhere one looks, there is a Camero. To teenagers, it doesn't matter what kind of car they drive, just so they have one.

These trends were just a few of the many that hit the U.S. this year. All of these trends were followed just to be "one of the gang."

Jerry Bickel, Jeff Morrow, Chris Gray, and Jim Tester are wearing some of the attire worn each day by Bennett students.

SWATCH WATCH CRAZE HITS BHS

The swatch watch craze has hit Bennett High School! The watches are made with bright, vibrant colors, and they are quite expensive, \$35 and up. They are a popular name brand. Many students wear them to match outfits, but most have them because they are trendy. Swatch watches are ideal because they are waterproof, comfortable, and fashionable. This was one of the most popular trends of 1986.

in...

TREND SETTING CARS

Stereos, louvers, rims, and white letter tires are all part of the teenager's obsession, the car. Most students over 16 at Bennett High School have a car to drive to school, whether it is their parents or their own. To a teenager, it does not matter what the car looks like, just so they have a car! Derek Nicholson, Francie Aguilar, and Eric Johnston are pictured here with their own particular cars. Derek drives a 79' white Z28 with blue stripes, Francie drives a 75' blue 280z, and Eric drives a 69' light blue Camaro. These cars are typical of those in Bennett High School's parking lot.

7th GRADE BEGINS HIGH SCHOOL

SEVENTH GRADERS LEARN TO ADJUST

Seventh graders experience for the first time the high school life. There are more activities to join, and although there is more work to do, it is really fun. Some of the changes they will have to adjust to are going from one class to another and changing clothes during gym. This year, the class of '91 will face many different subjects which will prepare them for the next five years. The seventh grade sponsor this year is Mrs. Diane Burns.

I like the seventh grade better than elementary because you can get involved in more things. It's been a real blast so far.

Tigon Pham

I like the seventh grade better because we're all better, crazier, and wilder than before.

Michelle Emrich

I like seventh grade because it's fun, and there are more activities to do.

EIGHTH GRADE ENDS JUNIOR HIGH

Graduation
is most
important

The eighth grade is working hard on many activities this year because they are putting on the traditional eighth grade graduation. Within a year, they will be graduating from junior high, and they will soon find themselves as lowly freshmen in high school where things can only turn to the good side. The eighth graders are looking forward to the departing of the uniforms which they have been wearing for approximately eight years. They are also involved in youth group and attend retreats with the rest of the junior high. The eighth grade has completed an exciting and challenging year. The people responsible for the eighth grade are Pat Kriegbaum and Carole Simmons, the class sponsors.

Below: Eric McMillan, Melanie Cook, and Julie Ervin take time out during class to talk. Below left: Eric McMillan asks Mrs. Kriegbaum a question about the test. Below right: John Medina lends a helping hand.

CLASS OF '89 LOOKS TO THE FUTURE

Freshman Are Initiated In A New Way, And The Program Proved Very Successful.

The freshman class experienced a new form of initiation this year. The Big Brother/Big Sister program was started by the class of '86 in hopes of beginning a new tradition. The year started with a dance for the freshmen which everyone enjoyed. In October, the seniors met with their randomly selected freshman and asked questions to develop a personality profile. The Big Brother/Big Sister program was a positive way to initiate the freshmen that both classes enjoyed.

The freshman class sponsor this year is Mr. Bob Bennett.

The freshmen were asked how they felt about the Big Brother/Big Sister program. Several of them responded as follows:

Q. What did you like about the Program?

A. My Big Brother drove me around on weekends and we learned much about each other.

Rob Lowden

A. I liked getting out of Mr. Erwin's study hall. I also liked being asked those questions.

Tommy Missler

Q. What did you dislike about it?

A. I think we should do more things together.

Gwen Chua is intrigued by Rob Austin's answer to a question while interviewing for the senior personality profile project.

SOPHOMORES ARE MAKING PROGRESS

Money-making involves entire year for the Holly Hop and Prom next year

The sophomore class is sponsored by Jill Corey and Russ Byer. They assist the class in putting on the Holly Hop which requires many money making projects. The class officers are in charge of making sure the class has the funds for the dance and other projects. The sophomores had a fish fry on November 22 before the Homecoming game that was successful. The Holly Hop on December 22 is held at the Meshingomesia Country Club. Jeff Davis is the disc jockey.

Another sophomore experience was attending the freshman-sophomore retreat at the Center for Peace and Life. The students felt they learned many things about each other and themselves, and helped to unite the class as a whole.

Keeping stats is just a part of the game. Track Coach Chuck Pavey instructs sophomore Anne Anderson on the proper procedures.

The fish fry was a major money maker this year and students took their turns at the ticket table. Julie Missler, Mary Richey and Lori Fecek are intent on looking for new patrons and prospects.

Ah ... ha ... Candy and gum are so nice to have in the classroom. Eileen Jenkins wonders if she dare!

Putting on a fish fry with the help of the parents and sponsors helped the class of '88 raise some much needed money for the Holly Hop. Accepting donations are Jennifer Bocock, James King and Matt Lanternier.

JUNIORS SPONSOR TRADITIONAL PROM

Class of 1987 shares special retreat with the seniors.

Many different activities occupy a junior's mind. Academically, there is the dreaded P.S.A.T. tests given during the month of October. Socially, there is the Junior-Senior prom, not only to sponsor, but to raise enough money to accomplish the feat in a grand style. Athletically, many juniors are now participating in varsity sports and all the extra, enduring practices that this entails. Activities involve many of this class, with membership in Youth Group, National Honor Society, Student Council and Yearbook taking up much time. If there is any spare time, some juniors work outside of school. In addition to all of these activities, dating and enjoying weekends must also be squeezed in.

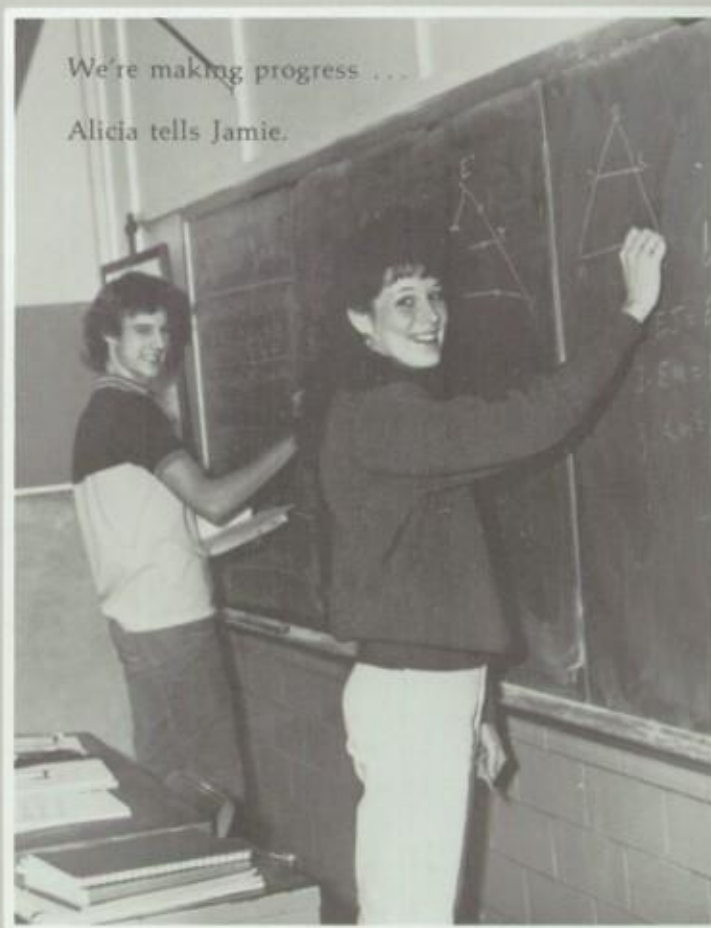

Perhaps the junior year is merely a year to prepare for the senior year.

Proofreading essays occupies entire class!

Help is always welcome.

We're making progress ...

CLASS OFFICERS STRIVE FOR SUCCESS

Often times, the hard work is done by the officers.

Becoming a class officer requires dedication, leadership and responsibility. Prior to elections in the spring, each candidate must submit a petition to the Dean of Students with the names of ten classmates who wish to nominate that person.

During the 1985-86 school year, the Bennett class officers had many goals to obtain. The senior officers developed money making ideas to raise money for the class trip. The junior's major project was producing the prom. For the sophomores, the task of creating the Holly Hop was the main challenge. The freshmen began to make money for their sophomore, junior and senior year projects. Working towards their class trip was the eighth graders objective and the seventh grade began the process of learning about fund raising.

"As juniors, we have a big responsibility on our hands — Prom.
Andy Hear

"We have really been working hard to raise money for the Holly Hop and I feel with class support we will pull it off easily. We feel that Holly Hop is really going to be one to remember because our class has put much time and effort into it."

Lisa McMillan

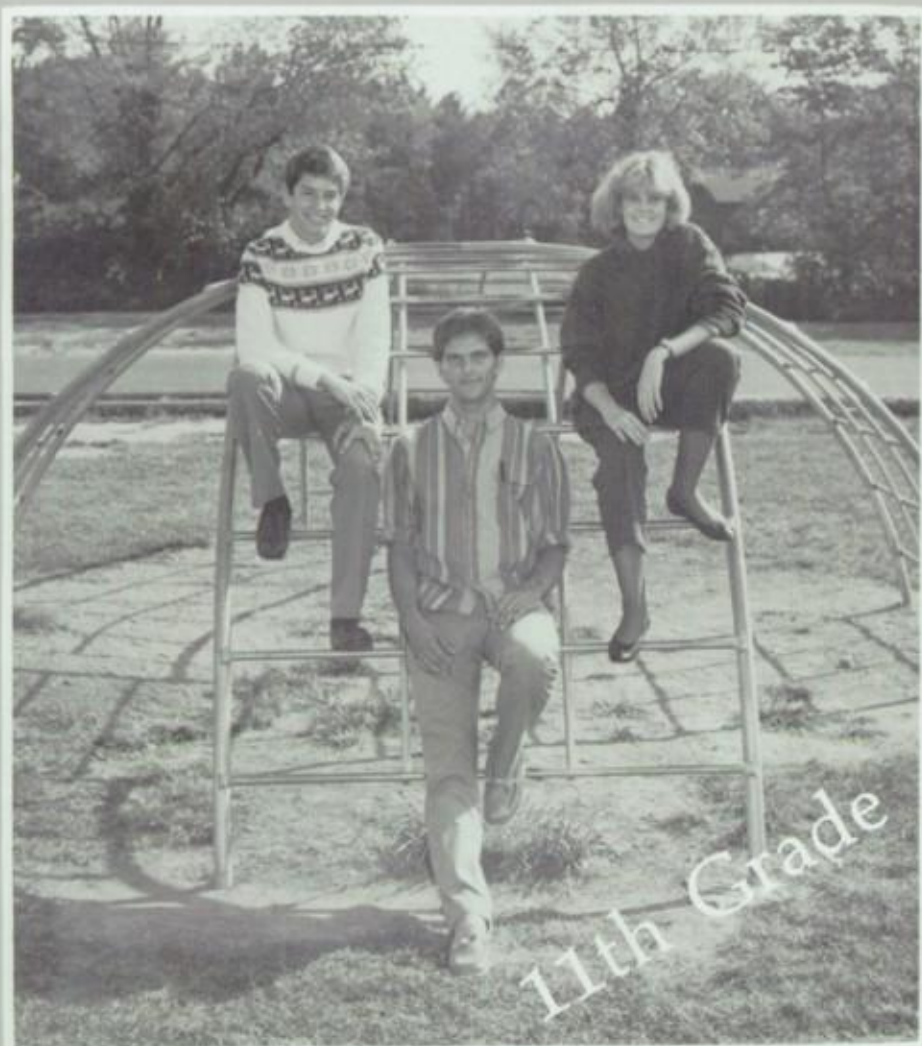

"Being a class sponsor has been very frustrating. It is difficult to raise over \$3,000.00 every year for the senior classes to use on their class trips.

INITIATION BECOMES FRIENDSHIP

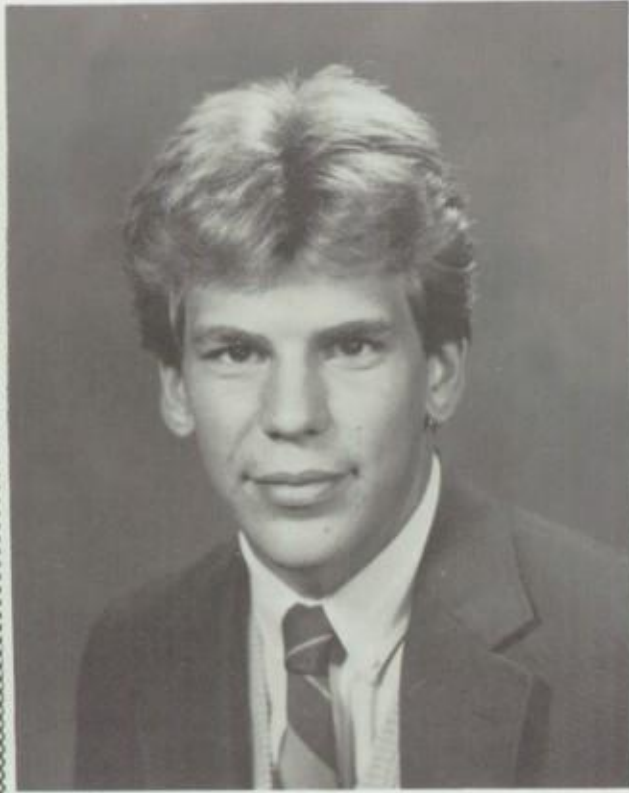

The Big Brother-Big Sister program is a new, positive form of initiation by the senior class for the freshmen. Designed by Julie Fitzgerald and developed with the help of Derek Nicholson, the entire senior class is involved in this type of initiation.

As senior class president, Derek Nicholson elaborated, "We, as the senior class, started the Big Brother/Sister program to help the freshmen through their first year of high school. The major reason for starting the program was for the

freshmen's own personal benefit. Joe Lanternier, a big brother, expressed his opinion, "I think the Big Brother-Big Sister program is better than initiation. It gives the senior and the freshman a chance to become better acquainted and the senior will be there for the freshman if he or she needs any help."

The goal of the Big Brother-Big Sister program is best stated by Derek Nicholson, "Hopefully the upcoming classes will continue the program we have started so that the freshmen may have someone to go to and to look up to as a friend."

SENIORS PASS OUT OF THE SHADOWS OF HIGH SCHOOL INTO THE REAL WORLD

I plan to attend Ball State University and major in elementary education or special education.

Tricia Morgan

In my future plans, I hope to attend Indiana State, Indiana University, or Colorado State University, and major in chemistry.

Chris A. Gray

I plan to attend Indiana University or University of Virginia and major in business management.

Lou Fields

I plan to attend North Park College in Chicago and major in physical education.

Jill Chlebo

With the Lord's help, I plan to attend Purdue and graduate in the field of engineering.

Beth Dawalt

I would like to attend Indiana or Purdue University and study pre-med or pharmacy.

Joe Lanternier

I plan to attend Vincennes University and take diesel mechanics.

Randy Small

I hope to attend a four year college and major in business management.

Brian Faust

I plan to attend Purdue University where I wish to continue studying Spanish.

Monica Lynn Ehrlich

I look forward with anticipation to attending Ball State University and would like to major in dietetics.

Gwen Chua

For my hopes of going into my father's business, I will attend either Indiana University or Notre Dame and major in business and electronics.

Jim Tester

Following graduation, I plan to attend Ball State University and major in pre-dentistry.

Lisa Balsbaugh

I plan to attend either Ball State or Indiana University and I anticipate earning a business degree.

Joe Hodge

I am going to attend Ball State University and major in nursing.

Robyn Duffy

I am undecided about my plans for the future.

Jeffrey Morrow

After graduation, I plan to study zoological sciences at Purdue University.

Lisa Cook

After graduation, I plan on attending Ball State and majoring in either commercial art or elementary education.

Angie Cook

At Purdue University, I plan to major English Education and study writing.

Nicole Richey

I'd like to study political sciences and French at Purdue or I.S.U. with the intent of becoming a French interpreter at the United Nations.

Jill Harken

I am undecided about my plans for the future.

Dion Cannon

I am looking forward to attending Ball State University and majoring in criminal justice or counseling.

Robin Hamilton

I am looking forward to attending Tri-State University and receiving a major in business management and, hopefully, a minor in business marketing.

Derek Nicholson

Attending a business college and majoring in accounting is my main goal, but I also plan to marry in a year or two.

Tracy Holland

Hopefully, I will be in Australia within the next five to seven years and be living the good life.

Jerry Bickel

I'd like to attend Purdue University and graduate with a major in chemical engineering. Then I will consider settling down and having a small family.

Michael T. Culley

Although I am planning on attending college in the South next fall, I am undecided on exactly which college to apply to. I do plan to major in math and science.

Joey Harpst

I have had a fantastic high school career, and I am looking forward to college. I plan to attend Taylor University and major in business administration.

Tammy Rader

After high school I would like to attend Ball State University and major in elementary education. Being a teacher takes time and dedication and, hopefully, I'll be able to better the education of children.

Karen M. Mooney

My plans for the future are to attend Manchester College and earn a B.S. in the field of psychology and possibly continue on for a Master's and eventually P.H.D.

ACTIVITIES

Although most students really do realize that their primary reason for attending school has to be the academics, the extracurricular activities are often the most memorable after high school is over. What girl would not remember being the Holly Hop attendant or the winner in the Student Council elections? What guy would not remember receiving the B.H.S. basketball mental attitude award or his special prom date? Activities encompass so many facets of daily student life that it is difficult to mention everything that transpires. However, Bennett students spend almost as many hours in after-school activities as they do in-school studies.

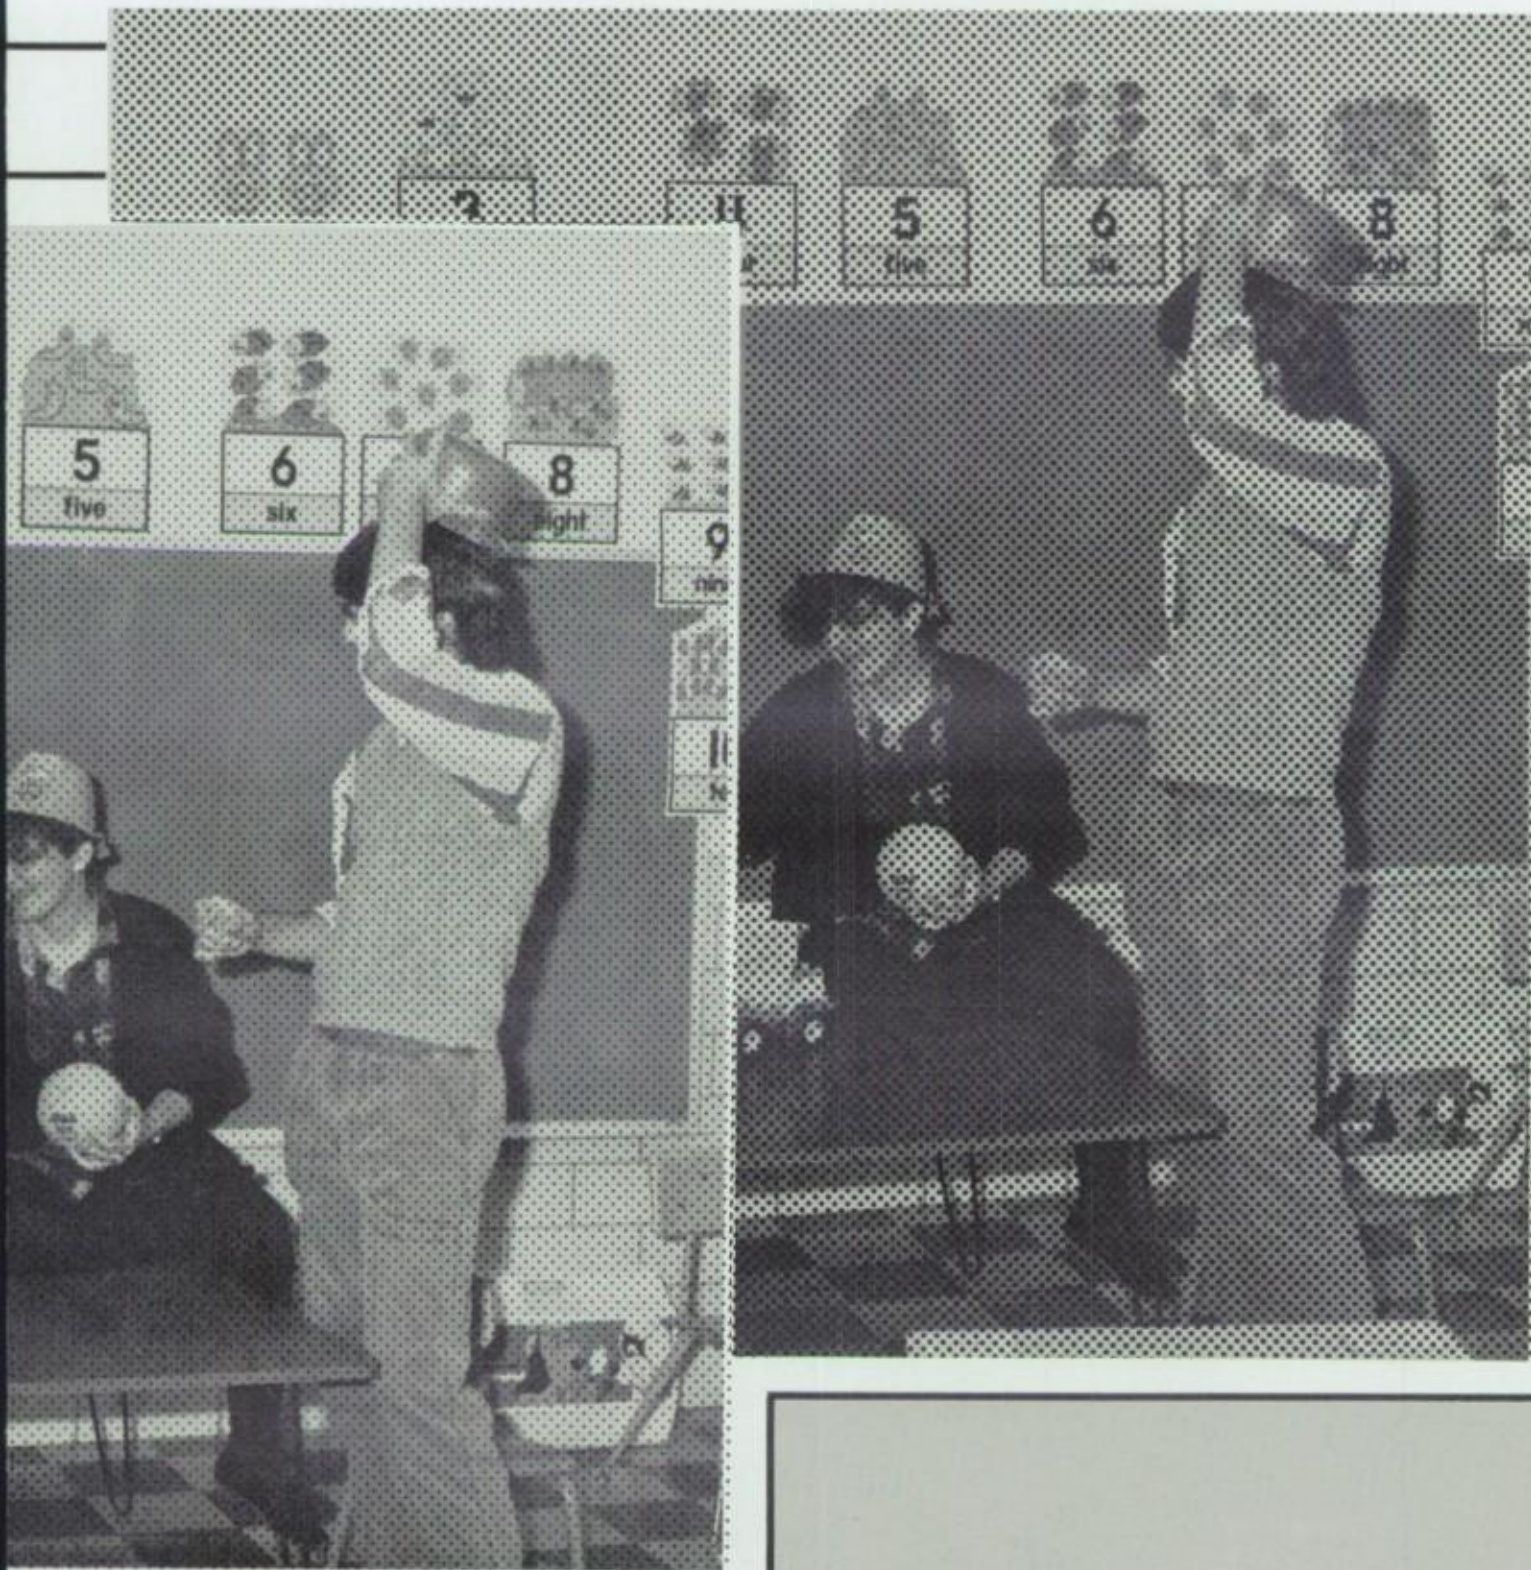

Percentage wise, almost ninety percent of the student body participates in our activities. The three most important social events of the year are Homecoming, Holly Hop, and the Junior-Senior Prom, and these socials all elect queens and attendants from each grade, nine through twelve. Held in November, December and May, these important activities always give students a special event to look forward to during the school year. Some activities are honors, and members of these activities are selected. National Honor Society, Quill and Scroll and Awards Night are evidence of these activities and these groups require hard work and active participation. Seniors at Bennett still participate in

their graduation ceremonies with one hundred percent in attendance, and the seniors also still share a special event, their class trip. This involves much time in planning and raising the necessary funds, but it is an activity that is still a tradition.

Combined with sports, activities and clubs at Bennett keep students very busy and

help to encourage well-rounded personalities. They add to the academic atmosphere and make school a more exciting place.

HOMEcoming

A BEAUTIFUL TRADITION

H

omecoming ceremonies have been a tradition at Bennett High School for many years. 1985 was no exception. On the evening of November 22, the boys' basketball team played their first game of the season, an occasion which at Bennett denotes homecoming. Both the varsity and reserve teams easily defeated Howe Military, a factor which

“Being queen was something I've only dreamed of.”

only added to the air of excitement that filled the gymnasium.

Karen Mooney, the Homecoming Queen, walked into the spotlight. She was

crowned by Lisa Hevner, the 1984 senior attendant because the former Queen, Midori Kamakawa, had returned to her home in Japan. Karen's escort, Jerry Bickel, greeted her with a kiss and escorted her to her throne. Says Karen, “Being Queen was something I've only dreamed of since my freshman year.”

HOLLY HOP

CHERISHING THE MOMENT

T

he annual Holly Hop Christmas dance was held at Meshingomesia Country Club December 20, 1985. The menu was chicken almon-dine, green beans, baked potato, fruit cup, salad, and peppermint ice cream. The D.J. for the dance was Jeff Davis from WMEE. The theme of the dance was "Cherish", and it will be cherished in the minds of students for years to come.

PROM

A night for Just You and I

E

ndless weeks looking for a dress and a date finally came to a close the night of May 3 during the 1986 Junior-Senior Prom. The prom, held at the Marion Sheraton Inn, once again proved to be one of Bennett's social events of the year. Reigning over this year's prom was Queen Lisa Balsbaugh and her escort Craig Cerniglia. Her court consisted of Francie Aguilar, junior, and her escort, Lou

Fields; Shelli Kershner, junior, and her escort, Toby Hamilton; Gwendolyn Chua, senior, and her escort, Dion Cannon; and Robyn Duffy, senior, and her escort, Tom Culley.

The prom is traditionally sponsored by the junior class. A majority of the juniors and seniors attended, and the evening seemed to be enjoyed by all.

The students weren't the only ones taking advantage of the dance floor. Some parents joined in too, proving that no one is too old for the prom.

Junior princess Francie Aguilar makes her way to her place on the floor on the arm of her date, Lou Fields.

PROM

Prom Queen 1986 — there's only one. That's what makes it so special. Lisa Balsbaugh is the only one who can enjoy the feeling of being the chosen queen for the night.

One of the privileges of being prom queen is that she and her court have the dance floor all to themselves, at least for a few moments. The royalty enjoy their moments dancing to the theme, "Just You and I."

Just Stefanie and Brian, or so it seems. The theme lent itself to many couples thoughts ... "Just You and I."

QUILL/SCROLL

MAJOR ASSET TO JOURNALISM

P

romoting a certain potential in journalism is the goal of Quill and Scroll. It promotes a positive look at many journalistic fields. In order to achieve such a honor, special requirements are necessary for the individual who wishes to acquire this rank. Quill and Scroll is the highest honor a high school journalism student can attain.

“It’s an honor and I’m glad to be a part of this organization. I’ve learned much about photography from the magazines they sent me.”

Gwen Chua

“Nationally, Quill and Scroll has one of the best reputations in the journalism field. Thousands of dollars are expended to further journalism, careers within the United States.

Mrs. Walukonis

REQUIREMENTS FOR QUILL AND SCROLL

1. Students must be of junior or senior classification. However, sophomores may be initiated during their last grading period of the school year, membership becoming effective at the beginning of their junior year.
2. Students must be in the upper third of their class scholastically, either for the year of their nomination, or for the cumulative total of all their high school work.
3. Students must have done superior work in some phase of journalism or school publications — writing, editing, broadcasting, ect.
4. Students must be recommended by the publication advisor or publications governing committee.

Going backwards intellectually, the Quill & Scroll members revert back to their kindergarten years as evidenced by Jennifer Marcuccilli, Gwen Chua, Laura Pendergrass and Dan Sullivan.

A CHRISTIAN ATTITUDE

S

ocial development of Bennett students includes the Christian morals so evident in participation in youth group. St. Paul's Youth Group has many activities to provide a social development. Fr. Fennessy has devoted much time to the youth group, which in turn has fulfilled the standards set for it.

HONOR SOCIETY

ACADEMIC LEADERS

R

ecognition to outstanding students is given through National Honor Society. These students are required to maintain a grade point average above 3.00. To be a member of this society means to be a model student who strives intellectually, who gives services to others, and who is a courageous leader. This year, National Honor Society showed service by their many projects. These projects included

taking care of the sign in front of the school and tutoring students who were having difficulties with school work. The 1985-86 NHS officers are President Derek Nicholson, Vice President Julie Fitzgerald, Secretary Tammy Rader, and Treasurer Gwen Chua. The National Honor Society sponsors this year were Mrs. Pat Kriegbaum and Mr. Ken Hack.

National Honor Society has improved 100% in the past couple of years. It really is an honor to belong to such a select group.

Tammy Rader

I believe that NHS has started to show strength and a positive attitude. For the past two years, the NHS has proved that it does exist and it will grow over the years to come.

mprovements were shown this year in Student Council. They sponsored the Homecoming and the Halloween Dances. The major project for the Council this year was the paper drive. The Student Council usually meets on Sundays, but informal meetings were often called during lunch on school days.

Senior Trip

It was excellent

F

rom May 7-14, seventeen seniors experienced an unforgettable week of fun and excitement. Myrtle Beach, South Carolina was the location visited for the 1985-86 class trip.

Miss Jill Corey and Mr. Darrell Keith were the teacher sponsors. They, along with Mrs. Keith, participated in the relaxing week in South Carolina.

Even though only seventeen seniors went on the trip, it was a wonderful experience that they will never forget.

"If you ever go deep sea fishing, take a bucket ..."

Joe Lanternier

"Although there were only 17 seniors, we surely had a fantastic time and I'll never forget it."

GRADUATION

Facing new challenges

D

espite the cold, rainy afternoon of May 18, the class of 1986 was exuberant. Commencement ceremonies began at 3:00 P.M. in the church. The graduates, dressed in royal blue or bright yellow caps and gowns, were seated in the front pews of the church. Class president, Derek Nicholson, addressed the audience, distinguishing the Class of '86 as a "fine, responsible

group of young adults."

Gwen Chua was named

"The beginning of a new life"

valedictorian, and Beth Dawalt was named salutatorian. In her speech, Gwen asked and answered the very real questions that all graduates must ask of themselves. She

had the insight to realize that "graduation is not the end of journey, but the beginning of a new life." In closing, Gwen expressed her belief that "these graduates have the wisdom and strength to live their lives to the fullest. They are truly ready to face life's challenges."

A tradition of BHS commencement ceremonies is the presentation of the roses.

Each senior presents to his or her parents the class flower, a symbol of the senior's love and gratitude. Here, Joe Lanternier receives a yellow rose from Mrs. Elizabeth Auffrey, president of the school board, to present to his parents.

Although graduation is often seen as a sad time, these graduates are all smiles. Jill Harken and Father Fennessy, Beth Dawalt, Robyn Duffy, and Karen Mooney are all good examples of the high spirits that followed the 1986 commencement.

GRADUATION

Advice from Tom Cook

Tom Cook, who delivered the commencement address, applauds the graduates.

Commencement addresses are intended to be inspirational. Tom Cook's speech was more inspirational than most.

Tom, a 1981 graduate of Bennett High and the older brother of senior, Lisa, is partially paralyzed from an accident during the summer of 1985. He was in an intense physical therapy program in Houston, Texas, but improved sufficiently to return home to

deliver the commencement address at the request of the seniors.

In his speech, Tom offered strong advice to the graduates, imploring them to look within themselves and figure out what they were meant to be. He then told them "to stick with it, for lack of knowledge of the fateful things to come could so easily change their lives overnight."

Graduation is a time for heartfelt congratulations. Here, Danny Sullivan gives Julie Fitzgerald a hug.

After it's all over, Derek Nicholson wonders what to do next.

Valedictorian, Gwen Chua, smiles brightly as she displays her Bishop's Cross Award. The award serves to recognize a student's exemplary Christian lifestyle and dedication to church, school, and community.

WINNERS

AND THE WINNER IS . . .

A

ccording to Webster, "A winner is one who wins. A bread winner; also a victor, one that brings victory and admiration." On these pages are the definition of some of Bennett's winners. We are proud of these students at Bennett High and appreciate their determination in trying to excel. They are special people.

Girls' State is a government program for young women to reinforce the responsibilities, duties, rights, and privileges of democracy. It involves "government in action" at Indiana State University each summer.

Requirements are 1) Be a U.S. citizen and complete junior year 2) Show good character and leadership qualities 3) Be interested in government and history and show respect for our flag.

Pictured right are Laura Pendergrass, alternate and Jennifer Marcuccilli, this year's representative.

The Daughters of the American Revolution of Indiana promoted their annual program, an educational and patriotic program set up to recognize and reward a deserving senior.

Qualifications are 1) Must be a senior boy or girl and an American Citizen 2) Judged on dependability, service, leadership, and patriotism 3) An essay written on heritage and a test on the government is taken. Beth Dawalt was Bennett's 1985-86 representative. Beth commented, "Being chosen as a D.A.R. representative enabled me to recognize what my American Heritage really is."

Pictured to the right are Andy Hear and Greg Smith. They were two of the ten students chosen to represent Grant County at the Richard Lugar Symposium. Mrs. Michael, the French teacher at Bennett, also attended the symposium with Andy and Greg.

Many topics ranging from abortion to war were debated.

The President of the Urban League and the President of the National Education Association were present as speakers. Senator Richard Lugar also spoke on financial matters and Senate participation.

The seventh grade again sponsored the annual Junior High Christmas Dance where the queen is chosen by putting each girl's name in a large fish-bowl. Mr. Hart chose this year's name, Jennifer Dawalt. She is an eighth grader who received the Christmas present of being the Junior High Christmas Queen.

Tammy Rader is Bennett's representative on Renee's Fashion Board. The representatives are judged on their grade point average and a series of interviews with Renee. Tammy feels that it is an honor to represent Bennett on the Fashion Board.

Julie Fitzgerald was elected Metro-Exchange Club's Youth-of-the-Month. She received various prizes and certificates and will be a candidate for the Youth-of-the-Year program in the Indiana-Kentucky area.

Qualifications for this award 1) Must be a senior 2) Active in and out of school 3) Above average in scholastics 4) Able to use verbal expression.

Beth Dawalt and Derek Nicholson, two of Bennett's seniors were Rotary Students of the Month. Both Beth and Derek spoke at the April Rotary meeting held at the Marion Sheraton.

The Junior High Spelling Bee team placed seventh in the state spelling bee competition at Tri-Central High School. This was a difficult task because the team only had a week's notice and two week's practice.

The 12 students who attended the spelling bee were seventh grade — Boe Wright, Tigon Pham, Emily Bone, Michelle Emrich, Eric Keenan, Patrick Marshall; eighth grade — Ryan Sellers, Tia Mauman, Eric McMillan, Jenny Jenkins, Toby Ware, and Michelle Eberle. The students were accompanied by Mr. Dick Ramey, librarian.

YEARBOOK

WHAT SPLENDID WORK!

D

uring the past two years, the yearbook has made progress with an excellent sponsor and an ardent staff. This group of students enjoyed working and sharing ideas with one another. Although there were some rough times, the staff helped each other to meet the many deadlines. Mrs. Walukonis, the sponsor, was always there to guide and push the staff to get work done.

SPORTS

Although Bennett High School is small in size, it offers a wide range of sports for the students wishing to participate. The male students have a choice of playing soccer or cross country in the fall, basketball in the winter, and baseball or golf in the spring. Female students can play volleyball in the fall, basketball in the winter, and softball or tennis in the spring. Softball is a new sport that was added to the program in 1985, and it has already become competitive to its opposition. Cross country was not evident in the 1984 season, but was reinstated in 1985. Two new additional organizations under the jurisdiction of the athletic department are the cheerleading and pom pon squads.

Bennett is a member of the Midland Athletic Conference. Other member schools are Ft. Wayne Christian, Howe Military, White's Institute, and Canterbury. Bennett is always competitive in its conference and is usually in the running for the MAC crown.

Our school is usually known as the underdog in most contests, but we are always trying to disprove that title. Through continual persistence and determination on the part of the athletic department, coaches, players, and fans, Bennett has truly shown its intent to come "out of the shadows" of neighboring schools and to establish itself in the eyes of the community.

Winning season!

BENNETT DEFEATS MARION

The Bennett Trojans soccer team went through many changes which resulted in a victorious season. The team went through a new coach, many new players, the loss of last year's stars, and still managed to end the season with a six win and three loss record.

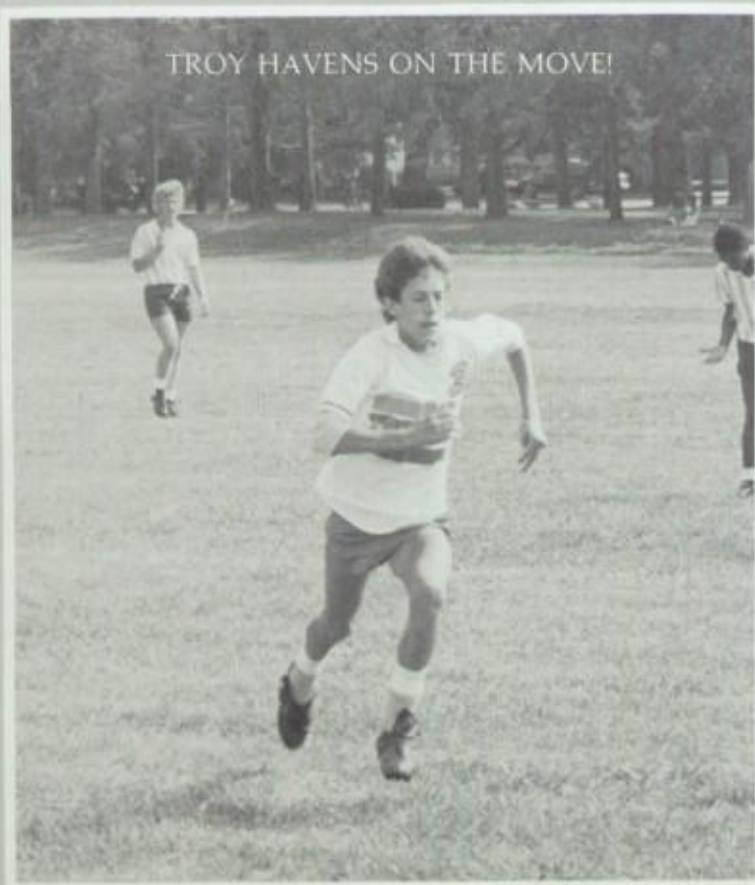

The most joyful of games was the victory against the Marion Giants. Marion Bennett defeated the Giants two to one in a match at the beginning of the season. Three of the six games won were shutouts. The game that most embarrassed our school was the match against Argos. A fight broke out in the second half which resulted in the team being reprimanded by the administration. Even though the team suffered many changes, they still managed to bring a victorious record to B.H.S.

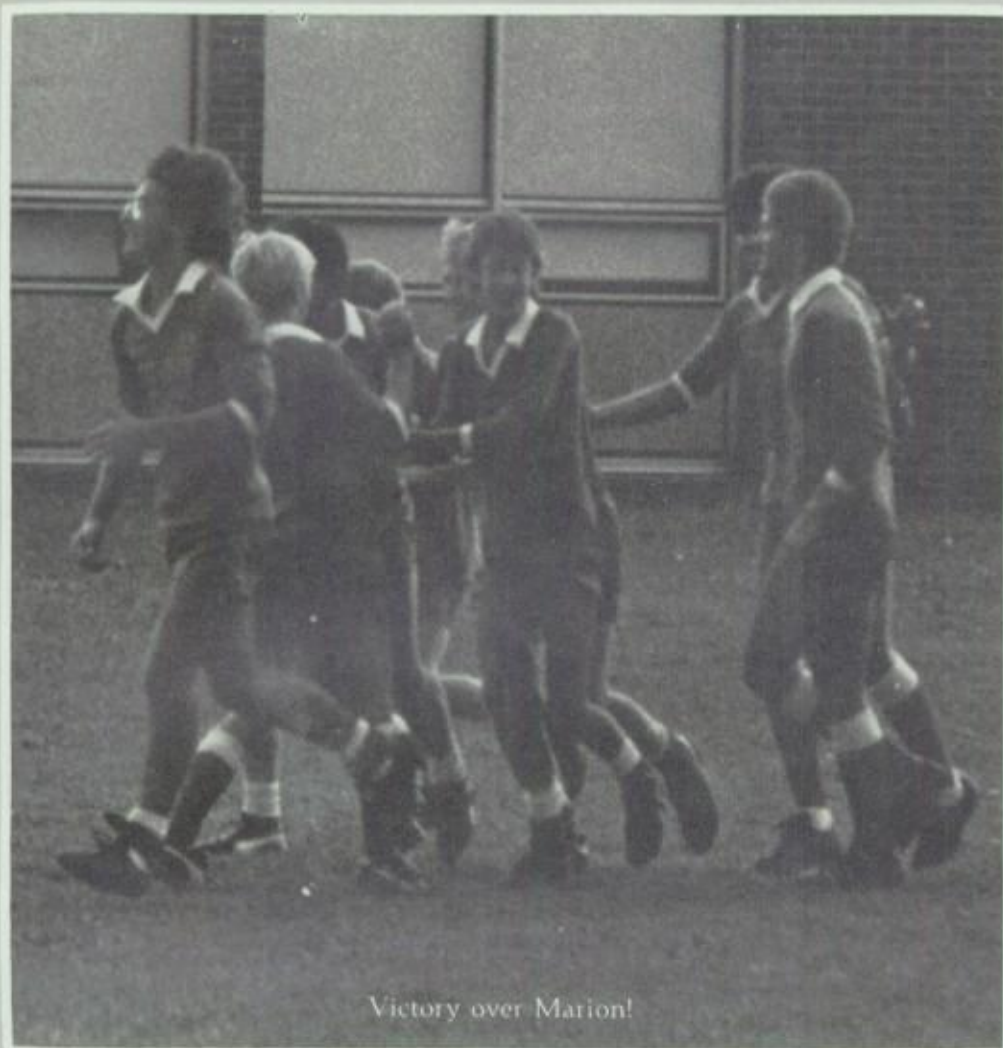

The team members, are first row: Rob Lowden, Matt Marshall, Steve Kriegbaum, Bobby Ramos, Harry Certain, and Tony Bailey. Second row: Loc Pham, Troy Havens, Avis Ware, Mike Millspaugh, and Jimmy Morrow. Third row: Joe Lanternier, Joe Hodge, Derek Nicholson, Brian Faust, Jerry Bickel, and Coach McGinnis. Fourth row: Manager Tom Missler, Brett Crow, Tim Certain, and Danny Sullivan.

Toby Hamilton, being guarded heavily by two opponents of Argos, relieved the pressure by passing the ball to a fellow teammate.

TEAM HAS GREAT SEASON!

The volleyball season this year was a rebuilding one. The team accomplished many goals but the two most important were winning the MAC tourney and finishing first in the MAC conference. The Lady Trojans had much support, but their most avid fans were the transfers from Huntington Catholic, Chris Gray, Jerry Bickel, and Jim Tester. This threesome led chants and cheers uplifting the spirits of the team. The girls might not have had the season they hoped for, but overall they had a great season.

BASKETBALL!

BENNETT WINS M.A.C.

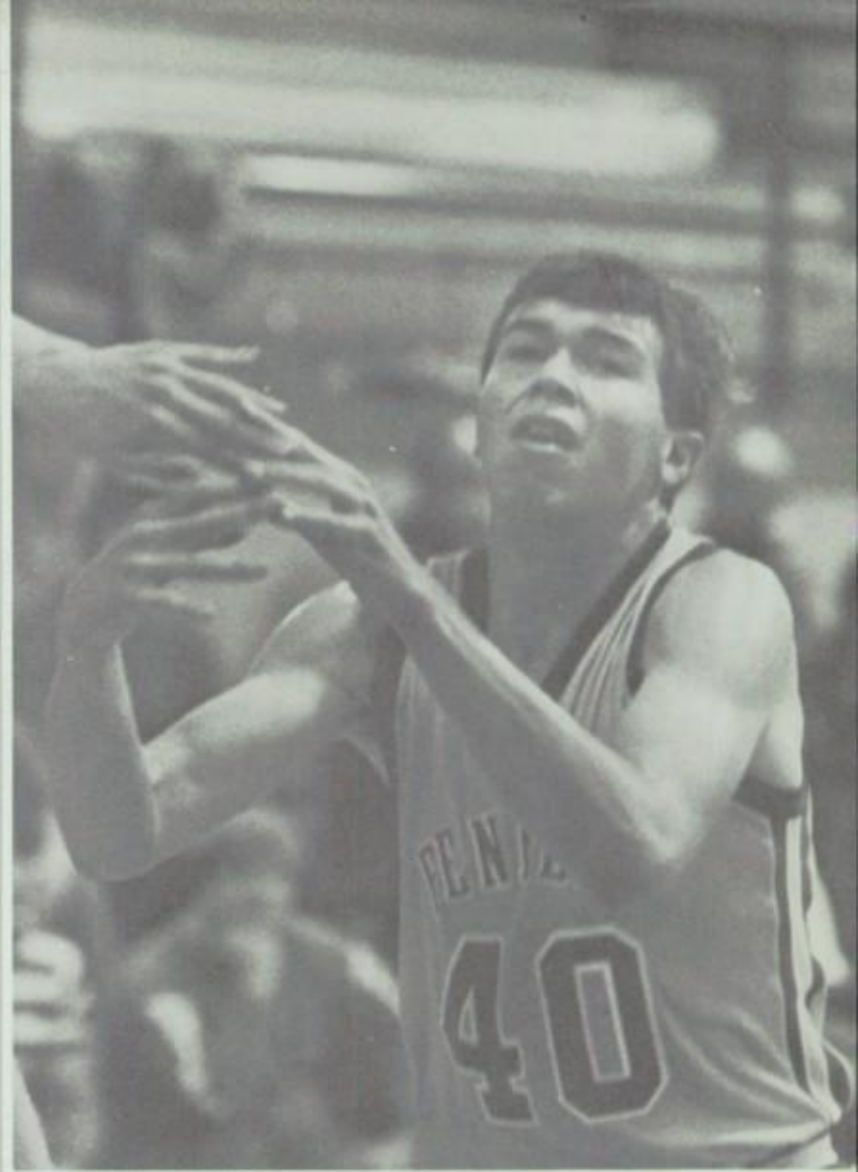

Rebounding off a rebuilding year, the Bennett Trojan varsity basketball team finished the season with nine wins and twelve losses. The Trojans stayed undefeated in the conference by defeating White's and winning the Midland Athletic Conference. Other exciting wins were against Southwood, Northfield, and Northwestern. The Trojans were led by the quickness and experience of senior guards Dion Cannon and Derek Nicholson. The reason for the Trojan's success this season was because they played together as a team. The members of the 1985-86 team are seniors Dion Cannon, Derek Nicholson, Brian Faust, Joe Hodge, Joe Lanternier, Tom Culley, juniors Rob Proffitt, Brett Crow, Troy Havens, Toby Hamilton, and sophomore Steve Kriegbaum. Bob Bennett was the coach of the Trojans. He was assisted by assistant coach Chuck Pavey and trainer Kirby Whitacre. This was Coach Bennett's second season as head coach.

CHEERLEADING

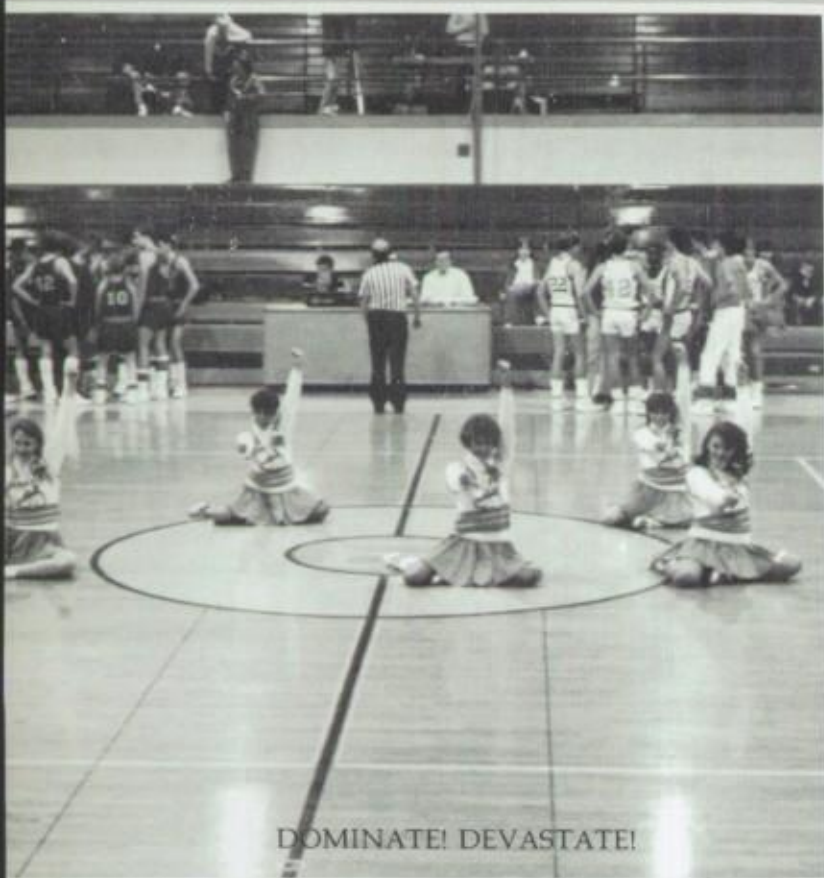

SPARKLE AND SPIRIT

Activity was the name of the game for the Bennett High Cheerleaders this year. The Varsity Cheerleaders attended UCA camp at De Pauw University. The Junior Varsity Cheerleaders attended ICF camp at Notre Dame University. Getting new uniforms was exciting. The girls were hosted by Mrs. Pavey and Mrs. Cook to a Mexican Christmas dinner in Kokomo. A "Christmas Secret Santa" gift exchange was a part of this special time.

A FANTASTIC SHOW

THE SWING OF THINGS

According to one giant unabridged dictionary, a pom pon is "an ornamental ball of silk or feathers for a woman's costume." This definition has been updated a bit for the particular interests of the 1985-86 Bennett High School Pom Pon Squad. To them, a pom pon is "a giant wad of shredded blue and gold plastic" with an uncomfortable handle which must be shaken about while dancing.

This year's squad, sponsored by Mrs. Joyce Corbett and managed by sophomore Lisa McMillan, consisted of eight girls: seniors, captain Monica Ehrlich and Gwen Chua, juniors, Francie Aguilar, Shelli Kershner, Jennifer Marcuccilli, Laura Pendergrass, and Alicia Scheer, and sophomore Valerie Duffy.

The girls are always looking for a new way to have fun. Their newest adventure is climbing trees. Laura and Valerie made it all the way to the top, Monica and Alicia are just standing around and Francie, Gwen, Shelli, and Jennifer prefer to stay as close to the ground as possible.

After school practices are a must for all squads and that usually includes sitting on the steps and eating junk food. Top: Shelli Kershner and Monica Ehrlich share chips. Bottom row: Toby Hamilton, Randy Small, Jim Tester, Jerry Bickel, Steve Kriegbaum, Troy Havens, and Bobby Ramos. Middle row: Coach Stan Pyle, Avis Ware, Jimmy Morrow, Brian Faust, Assistant manager Rob Lowden, and Steve Aguilar. Top row: Manager Lou Fields, Joey Harpst, Danny Sullivan, Joe Lanternier, Chris Gray, Leroy Curlin, Joe Hodge, and Harry Certain. Mr. Stan Pyle was the coach of the varsity baseball team.

Above: Harry Certain is congratulated at home plate by the rest of his teammates after his home run. Left: Joe Lanternier and Joe Hodge are in deep conversation concerning baseball.

This year, Bennett High School added a new sports team to the Trojans' schedule — junior varsity baseball. Its intentions were to allow underclassmen, who were not ready for varsity, to obtain some experience and playing time.

Top row: Coach Stan Pyle, Jamie Slayton, Steve Aguilar, Leroy Curlin, Steve Kreigbaum, Rob Austin, Harry Certain. Bottom row: Jimmy Morrow, Avis Ware, Bobby Manalo, Jay Mitchener, Steve Thompson, and Bobby Ramos. The JV baseball team was coached by Mr. Joe Certain, not pictured.

 Left: Brian Faust shows off his form after taking a swing.

CROSS COUNTRY BACK

REBUILDING YEAR!

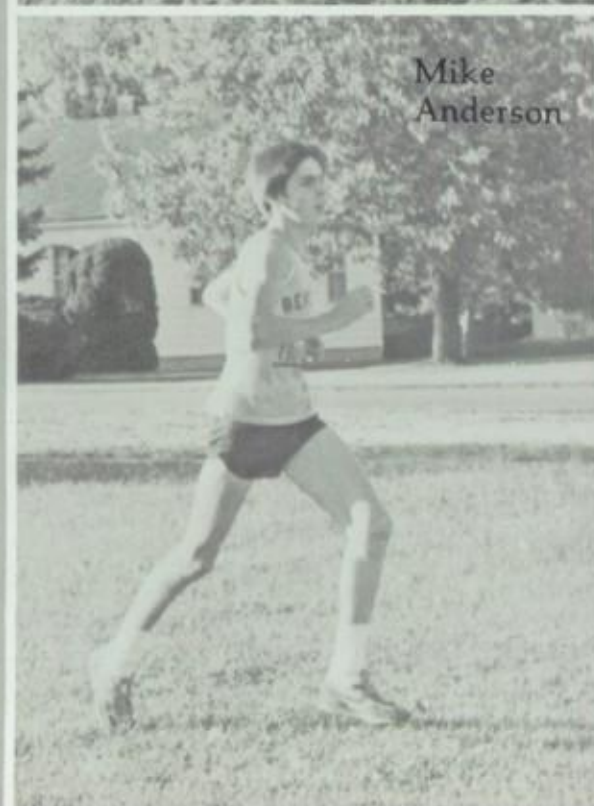

After being away for a year, cross country is back where it should be at Bennett High School. This year there was plenty of interest to have a team. The Trojans finished a disappointing season with two wins and five losses. Left are the members of the varsity squad, Coach Pavey, Chris Gray, Dion Cannon, Joe Hodge, Asst. Hack; Troy Havens, Mike Anderson, Craig Freeman, and Jim Tester. Below are the members of the junior varsity squad Mr. Hack, Rob Proffitt, Tom Culley, Greg Smith, Rob Austin, Steve Aguilar, Steve Thompson, and Paul White. As the season progressed, Tom Culley moved up to the varsity squad. Mr. Chuck Pavey was the coach of the varsity team and Mr. Ken Hack assisted.

ADS

SENIORS SELL ADVERTISEMENTS

As a unique tradition continues to develop, Bennett High School seniors traveled throughout the Marion community to sell advertisements for the Paulist yearbook. Over \$4,000.00 in revenue was generated through their efforts. Because of the size of Bennett High

School and the amount of books sold to the student body, this advertising revenue is very important to the production of this book. As a reward for their efforts in advertisement selling, the seniors were rewarded with a double-page colored picture in the 1986 Paulist yearbook. In addition to our advertisers, the staff would like to thank our

Blue and Gold advertisers, for their continued support and generosity. This year, we are also indebted to some senior parents who inserted congratulatory messages to their graduates in our ad section. For all of the participants in the advertisement section of this book, the staff issues a hearty thank you.

SHADOWS LINGER

COLOPHONE

The little things "in the shadows" sometimes don't always get noticed. For example, do students know that all 150 copies of the Paulist are published by Jostens Yearbook Company of Clarksville, Tennessee? Or that the staff changed the size of the book from $7\frac{3}{4} \times 10\frac{1}{2}$ to $8\frac{1}{2} \times 11$ for 1986, and we printed the 112 page Paulist on Gloss 191 paper with a sewn binding? Well, there are a few other small things readers may not know. Our cover specifications included a silk screened original design by our editor-in-chief with Black Kivar 542 background and Blue 349 printing. We used 8 pt. picture captions and 10 pt. body captions of 33 Palatino type face. Our major special effect was the color double page spread on pages 24-25 as a tribute to our seniors.

Very special thanks are extended to Mr. Kim Ash, our Josten's representative, and Chrys Brummal, our Josten's in-plant representative. We would also like to thank Beecher Waters and Tony Roush, Jeff Morrow, and especially, Jill Corey for the numerous pictures that they took for us, and the several typing students who helped us meet many deadlines.

The Paulist staff is a member of the Indiana High School Press Association and Quill and Scroll.

Beth Dawalt, Gwen Chua, Tracy Holland, Nikki Richey, Joe Hodge, Jack Marshall, Jennifer Marcuccilli, Brett Crow, Danny Sullivan, and Laura Pendergrass comprise the Paulist staff with advisor Joan Walukonis. They are responsible for one of the Bennett High School's best yearbooks, the 1986 Paulist. We have come "out of the shadows."
